(17) It will be seen from the notes in G.M. file 240 of 05 — (Pls 1–3 ... 23) that the Publications of the Oriental Library are not registered under Act XXV of 1867 and that therefore the Catalogues relating to these Publications cannot comprise 6 Cols as shown in the specimen form. This fact was noticed in G.M. file 152 of 08 — Pls (1–2) and it was thereupon ordered that Cols 5 and 6 may be dispensed with. Hence in issuing the revised instructions contained in the G.O. of the 6th Nov^r 1908, only four Cols. were prescribed and all refer to Act XXV was omitted in the Catalogue.

1. Government Proceedings No. G. 600—G. M. 240-05-23, dated the 26th July 1906, prescribing the submission of quarterly returns of the publications issued by the Oriental Library at Mysore.

2. Para 2 of letter No. 5345, dated the 13th October 1908, from the First Assistant to the Hon'ble the Resident in Mysore, regarding the form in which the above publications are compiled.

No. G. 2684-6--G. M. 152-08-2, DATED BANGALORE, 6TH NOVEMBER 1908.

ORDER THEREON.—Government are pleased to issue the following revised instructions for preparing the Quarterly Catalogues of the Books in Oriental Languages published by the Oriental Library at Mysore:—

(1) The Catalogue will be compiled in the accompanying form (A) comprising four columns with the headings given therein.

(2) In order that it may be easily convertible into catalogue slips for use in libraries, the form should be printed on one side of the paper only.

(3) A specimen form (B) of the Catalogue of books (registered in the State under Act XXV of 1867), prepared in accordance with these instructions, is herein enclosed.

(4) A uniform arrangement as regards *spacing* and *typography* has to be observed. What is important is that the Catalogues should be uniform especially in columns 2 and 3. An idea of the proper method of arrangement, the typography and the descriptions of the works to be given will be easily formed by a study of the specimen (B) referred to above.

(5 *A*) Attention is invited to the following points in connection with the specimen form mentioned above:—

(*a*) The short title of the publication should be given in the original script.

(*b*) The date as given on the title page with the name of the era employed, should be entered.

(*c*) The word "lithographed" should follow the size in column 2, *e.g.*, "8vo" "Litho" when necessary, otherwise it will be assumed that the book is printed.

(*d*) The number of pages in the introduction, text, etc., should be separately specified.

(*e*) It is intended that in each section of column 2 the descriptions should be arranged in order of their authors' names or of the first word of their title if the books have no real authors. The translator of a book or the person who adds a commentary to it, should not be regarded as the author.

(*f*) The following marks will suffice to indicate the "size" of a book, namely, 12mo, 8vo, 4to, and Fol., with the addition, where necessary, of the term obl: (oblong).

(*g*) If the commentary is in a different language from the text the fact should be stated.

(*h*) It should be mentioned whether the book is illustrated or not, but it is needless to give the number of plates.

(*i*) It should also be mentioned whether an edition is altered or enlarged from a previous one.

(5 *B*). (*a*) *Serial Number.* (*Column* 1.)—The number in this column is intended to indicate the serial order of the publication in relation to all publications issued during the year on the subject under which

it is classified. The Curator of the Oriental Library at Mysore will adopt this method in future issues of the Catalogue.

(*b*) *Date.* (*Column*) *2.* The date required is that given on the title page of the book with the name of the era (when other than the Christian era). This date, whether right or wrong, should be entered in this column and the actual date of issue from the Press or of publication should be given immediately after it in brackets, except when both the dates are identical.

(*c*) *Previous Reference, etc.* (*Column 2*).—Where successive parts of a work appear in different issues of a Catalogue, a reference should be given for finding the title of the *immediately* preceding part. A reference of this kind should be added in this column after all the other information has been entered.

In order to carry out the above idea more completely, it is necessary that a similar reference should also be added in the case of periodicals and of subsequent editions of a book which has already been entered. It is also desirable that in the case of revision of a publication, the fact should be noted; *e.g.*, Third Edition "Revised and Enlarged" or "Abridged" as the case may be.

(*d*) *Subject, etc.* (*Column 2*).—A comprehensive description of the subject matter should be given in the case of all publications in the space assigned for this purpose in column 2 of the form; and the age of a publication should invariably be stated whenever necessary. It is also necessary to give a transliteration of the title of every publication.

(6) The Catalogue that relates to the quarter ending the 30th September 1908 will, if it contains any entries, be prepared according to the instructions given above and 15 copies thereof transmitted to the General and Revenue Secretariat early. If there be no publications in any quarter, the mere intimation of that fact will suffice. The Catalogues or intimation should hereafter reach the General and Revenue Secretariat within a fortnight from the end of the quarter to which they relate.

(7) The Inspector-General of Education will, in consultation with the Superintendent, Government Press, arrange to have the Catalogue (unless it is blank) printed at the Government Press and supply 15 copies thereof to the General and Revenue Secretariat within the date prescribed in the foregoing paragraph.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.
